

Philips  
Digital Voice Tracer

Voice Tracer

LFH 600

## Just remember

Dynamic, stylish, adaptable. The Philips Digital Voice Tracer 600 is a digital note taker for those who think on their feet. Just start talking and the Digital Voice Tracer will do the rest. Voice activation enables easy, hands-free note taking. The Digital Voice Tracer 600 has the ability to download your notes to a computer. Plus, you can send them as a voice message via email. So why search for a pen when you can take accurate notes at the speed of sound?

### Fast and simple

- Extra large LCD screen for an at-a-glance overview

- **Battery type:** two Philips AAA alkaline batteries (LR03 or R03)
- **Battery life (recording):**  
HQ mode: 20 hours  
LP mode: 30 hours

### Dimensions

- **Product dimensions (WxDxH):**  
40 × 18.4 × 108 mm / 1.6 × 0.7 × 4.3 in.
- **Weight:** 78 g / 2.8 oz. including batteries

### System requirements

- Windows Vista/XP/2000, Mac OS X, Linux
- Free USB port

### Operating conditions

- **Temperature:** 5° – 45° C / 41° – 113° F
- **Humidity:** 10% – 90%

### Green specifications

- Compliant to 2002/95/EC (RoHS)
- Lead-free soldered product

### Package contents

- Digital Voice Tracer 600
- USB cable
- Two AAA batteries
- User manual

## Product highlights

### USB 2.0 mass storage device

A useful 512 MB memory gives you the capacity to store and share files via the USB port, which makes it ideal for personal, portable use.

### Slow and fast voice playback

Recordings can be played back at a slower speed to make it easier to take written notes.

### Index mark feature

The handy index function lets you mark a particular point in a recording or playback for easy retrieval.

### Lightweight and portable design

Small and lightweight, you'll hardly notice it's with you. Pop it in your pocket or bag and take it anywhere. The durable casing and attractive, ergonomic design will make you want to carry it everywhere you go.

### Voice-activated recording

When enabled, recording will start automatically when you start speaking. Recordings stop automatically after you stop speaking and restart automatically when you start speaking again. No words are lost.
